Clover Hill

Clover Hill, April 12.- The Clover Hill Home Demonstration Club held an all-day meeting with Mrs. John Tweedy on Tuesday, April 12, with fourteen members and four visitors present. One new member, Mrs. J. W. Smith, was added to the roll. The meeting was called to order by the president, Mrs. Russell Conner.

"Christians in politics" was the subject of a brief devotional in which Matthew 5-16 was quoted: "Let your light so shine before men that they may see your good works and glorify your Father who is in heaven." In developing this topic several questions were asked, such as, "Do we try to get, as office-seekers, the kind of community minded persons we feel have the interest of the people at heart?" and "When we know that such persons are running for office do we make a point of voting for them?" It was stressed that our light can shine before men in our state legislatures only as we put into our legislature men who have seen that light. This devotional was taken from an article by Doris P. Dennison in the March issue of "Daily Bible Lessons." Mrs. W. H. Carey led the group in prayer. The minutes of the last meeting were read by secretary, Mrs. Elliott Torrence, who also gave the treasurer's report.

The Federation Goal committee reported a visit to the March meeting of the County Board of Supervisors for observation purposes, and also listed the women who planned to register to vote this year.

A demonstration on "Fitting and altering patterns" was given by Miss Kathryn Johnson, assistant home agent, after which a covered dish luncheon was served. An interesting part of the afternoon session was a "Pig In a Poke Sale," with much excitement over the contents of the "poke." This sale was so successful that it was decided to conduct a "White Elphant Sale" at the next meeting, which will be held at the home of Mrs. Christine Whitehead at 1:00 P. M. Tuesday, May 10.

New Yellow Hybrid Corn On County Test

A new Yellow Hybrid Corn will be planted on four farms in Appomattox County this year, Jim Smith reported this morning. The County Agent says that this promising corn known as Virginia 126 is bred for statewide conditions and has shown up quite well in test plots at the different experiment stations.

Virginia 126 has the same maturity date as Ohio C54 or U. S. 13 which is 12 - 15 days earlier than U. S. 262A. It has a similar stalk size as Ohio C54 with a long ear. Also it has an excellent root system and strong stalk. Virginia 126 is an experimental number and will be given a permanent name when released.

Farmers in Appomattox County who will seed this variety are: R. T. Megginson, W. T. Nash, John E. Burnette and E. Carter Martin.

Farmers living in the vicinity of these demonstrations will want to observe and compare this variety with others being grown, Smith added.

Local Phone Company Extends Service

Telephone service will be established in the Evergreen and the Cub Creek area tomorrow by the Appomattox Telephone Co., and the firm states that lines to Pamplin are being pushed as rapidly as possible.

The Appomattox Telephone Co. issued the following statement to The Times-Virginian yesterday:

"You will be interested to know that telephone service will be established in Evergreen and Cub Creek area on Friday, April 22nd. These connections to the Appomattox telephone system add to the widening area that may be reached by a local call from any telephone in the exchange.

"Passing this milestone also means that the contemplated connections to Pamplin are much nearer at hand as a great deal of the work necessary to connect the Evergreen and Cub Creek areas covered also facilities needed for Pamplin. For example the new cable from Webb's Service Station to Leonard Anderson's residence contains 52 wires, enough for Evergreen, Cub Creeg, Pamplin and some to spare. Also all of the wires for Pamplin were put up as far as Davis' store while the Evergreen work was being done.

"The work remaining to be done on the Pamplin line should be completed next month. There have been several delays and interruptions of work on the Pampiln job which have slowed the completion date to the disappointment of Pamplin people. It is hoped they will solace themselves somewhat though, by the fact that during the delays other short lines and extensions were built to connect an additional 116 telephones. This, of course, benefitted all subscribers in the Appomattox exchange and the 40 new telephones in Pamplin, when they are connected, wil have over 700 other telephones they may call instead of 384.

"The new connections in Evergreen and Cub Creek area include Evergreen Baptist Parsonage 4511; Mrs. W. B. Thomas 4513; J. K. Hamliton 4514; C. T. Evans Store 4515; W. W. Jennings 4516; Mrs. W. W. Wooldridge 4517; J. M. Harvey 4518; G. S. Martin 4519; J. P. Paulette 4510; Mrs. P. O. Paulette 4521; W. C. Paulette 4522; E. L. Harvey 4523; J. A. Paulette and J. T. Paulette 4524; H. F. Martin 4525; B. B. Harris 4526; S. C. Ranson 4527; Carl Ferguson 4528; Mrs. Ruth Jennings 4529. These names and numbers are already listed in the telephone directory."

Evergreen School Gives 100% To Fund

The Evergreen school contributed 100% to the Dr. David A. Christian III Memorial Fund. The school is very proud of the fact that it went over the top in contributing to this fund. Much enthusiasm was shown among the pupils in reaching their goal. The amount raised in four days was 25 cents for each pupil. A spirit of fellowship and good-will prevailed. Some gave more than their share. Others brought eggs and coupons which were exchanged for money in order that everyone could make a donation.
